Completed in September of 2005, *Forest Glen* is the result of years of planning for the ideal multi-family executive residence. These spacious, private homes are nestled into a heavily wooded setting surrounded by other *Executive Places* rental homes. The natural beauty of the lot is accented by private decks and elevated front porches that allow you to be as open or as private as you wish to be.

Each townhouse offers 2415 square foot of finished living space with 2 master suites and a third bedroom or office. In addition, a spacious, quiet family room allows relaxing separation from the great room on the main floor. The two main bedrooms are both over 400 square feet with ample bath rooms and walk-in closets. Each unit has a two car garage and over 800 square feet of air conditioned storage space in case you need to store your household goods while you are in residence.

*Forest Glen* townhouses are available either furnished or unfurnished for stays of 90 days or more. We take care of all exterior maintenance and utilities, including high speed internet service. All you need to do is enjoy the spacious luxury and convenience of the uniquely designed homes.
